The Jimmie Hale Mission distinctive license plate

## FREQUENTLY ASKED QUESTIONS

### Q: HOW CAN I HELP LAUNCH THE LICENSE PLATE?

We need your help in securing 1,000 pre-commitments so that the state can begin official production of this distinctive plate. To do that, simply fill out the appropriate form listed at the bottom of this page. That's it! Filling out the application helps ensure the plate has enough community support to meet production needs. Once production begins, you will receive an email voucher and can update your license plate on the regular renew date (or sooner) if you choose to do so. It's that simple.

### Q: HOW MUCH DOES IT COST?

The annual fee for a distinctive tag in Alabama is \$50. If you are among the first 1,000 individuals to pre-commit to the new JHM license plate, **we will cover this fee for your first year!** If you would like to further help the Mission, you can choose to cover the initial fee instead of applying for the free voucher. Your tag will renew each year at \$50 (plus applicable vehicle-specific fees). However, \$41.25 of this is tax-deductible as a donation to the Mission!

### Q: WHEN WILL THEY BE AVAILABLE?

The state of Alabama requires 1,000 pre-commitments before production on the plate begins. Once this requirements is met the state will begin distributing the free vouchers and instructions on how to obtain the new license plate to those who applied in advance. Once the plate is in production anyone can request the plate at local licensing offices.

### Q: HOW LONG WILL IT TAKE TO APPLY AND WHAT DO I NEED TO GET STARTED?

You'll need about five minutes as well as your vehicle's identification number (VIN) and license plate number. We've streamlined the process for you. Simply scan or enter the appropriate link below, enter the requested information, electronically sign the form (when applicable) and submit. If you choose to have the Mission cover your distinctive plate fee for the first year, **we'll handle the payment and filing for you!**
